BROOKHAVEN, MISSISSIPPI

MB 18-184 COMMENTS IN SUPPORT

August 9, 2018

Dear Federal Communications Commission:

My name is Charles Tillman. I am the station owner of WCHJ 1470 AM and 97.5 FM in Brookhaven, Mississippi, both licensed to the Tillman Broadcasting Network, Inc.

I am a long-time AM broadcaster and thank the FCC for all of its work in AM Revitalization. My new FM translator, Praise 97.5 FM has been a lifeline and has breathed new life into WCHJ, Victory 1470 AM.

Small broadcasters with Class A FM stations all over the country are now asking for a similar type of lifeline, which is why I fully support the FM Class C4 and 73.215 proposals filed by MMTC and SSR Communications.

Though my station will not benefit directly from this proposal, I know **many station owners who are in desperate need** of this power upgrade.

I have also carefully studied the proceeding and have found no reasonable possibility of interference to my FM translator station as a result of both of the proposed changes.

As was the case in my situation, I ask that the FCC grant relief to my fellow small broadcasters through full implementation of the MB 18-184 proceeding.

I ask that you please adopt this proposal without delay.

Sincerely,

Charles Tillman
Tillman Broadcasting Network, Inc.
WCHJ "Victory" 1470 AM / 97.5 FM
